TRIDENT

3200 TRIDENT SERIES STANDARD SPECS

PRELIMINARY: SUBJECT TO CHANGE WITHOUT NOTICE

- Molded Length: 110' 0" (33.53 m)
- Beam: 25' 0" (7.62 m)
- Draft: 6' 2" (1.88 m) half load +/-
- Displacement: 350,000 lbs (158.78 metric tons) Half Loaded
- Fuel Capacity: 4,800 US gallons (18170 lts)
- Water Capacity: 650 US gallons (2460 lts)
- Grey Holding Tank Capacity: 400 US gallons (1514 lts)
- Black Holding Tank Capacity: 500 US gallons (1893 lts)

GENERAL CONDITIONS

- This specification is presented by Outer Reef Trident Inc to describe the content of its 110' Tri-Deck Motoryacht with a fast-displacement hull form
- The entire vessel will be constructed of aluminum
- Outer Reef Trident Inc reserves the right to deviate from the specification as part of its continuous product development process for the improvement of its vessels
- Any modification of the design, construction, outfitting, etc., which implies a change in price, weight, stability, speeds, ranges, noise, vibration, delivery time and/or affect any other element of this specification shall only be carried out upon any such modifications being approved in writing between the Owner and Outer Reef Trident Inc via a "Change Order Document"
- If there are any conflicts between the "Standard Specification" and the "Contract Plans", the "Standard Specification" will prevail
- All materials used in the construction of the vessel will be conforming to luxury yacht building best practices and Outer Reef Trident Inc standards. All materials will be new and of best marine quality and suitable for their intended use
- WheelHouse™ Technologies, Inc Marine Maintenance System

HULL AND SUPERSTRUCTURE CONSTRUCTION

- Aluminum 5083 H111 and AW6082 T6 hull
- All passages for electrical, piping and any other services through watertight structures will be made watertight via packing glands or similar per class approvals
- Awlcraft or Alexseal paint system
- Two (2) coats of black antifouling paint over five (5) coats of epoxy primer below waterline
- Integrally molded rub rails with stainless steel capping
- Full length keel extends below running gear
- Class approved stainless steel portlights
- Access panels with lighting throughout the boat where needed for service and maintenance
- Windows of tempered safety glass throughout main and upper deck areas per class approvals for span, thickness and impact strength
- Welded construction where required to be in aluminum to survey standards

PLUMBING AND TANKAGE

- One (1) grey water holding tank with a max capacity of 400 US gallons with two (2) macerator/discharge pumps. One (1) is wired and plumbed for backup redundancy
- One (1) black water holding tank with a max capacity of 500 US gallons with two (2) macerator/discharge pumps. One (1) is wired and plumbed for backup redundancy
- Two (2) stainless steel water tanks with a max capacity of 325 US gallons each
- Three (3) integral fuel tanks with a total capacity of 4,800 US gallons
- Lexan sight gauges on all tanks as possible
- Inspection and cleaning ports on all tanks
- Fuel fills built into house sides with overfill drains

OuterReefYachts.com | info@outerreefyachts.com

Buyer's Initials: _____

Seller's Initials _____

- Piping: seawater systems - Viega Seapress (CuNife), all other systems - Viega Sandpress or equivalent
- Headhunter or Techma brand toilet system
- Black holding tank/MSD by Headhunter Systems with dockside pump-out, 24V macerator overboard pump-out and level indicator
- Stainless steel water tanks with electric sending units (600 US gallons - 2271 lts) each
- Fresh water pressure system
- Two (2) TBD stainless steel lined hot water tanks
- OPTIONAL: One (1) 1,600gallons/day water maker

PAINTING AND FAIRING

- All surfaces above waterline shall be faired smooth with micro-balloon filled epoxy compounds as needed
- All surfaces must be degreased and cleaned free of all corrosion products, sand, dirt, rust, oil and foreign matter
- Hull bottom approximately 30 mils. bottom coat system, two (2) coats of primer, two (2) coats of barrier and anti-fouling paint
- Topsides primed with two (2) coats of epoxy primer and top coated with two (2) coats of a polyurethane paint system
- Any decks that are not teak will be sprayed with a non-skid finish

ACOUSTICS AND VIBRATION DAMPENING

- Full vessel wide sound dampening system to BWB standards
- Isolation mounts for machinery
- Isolation and decoupling program for accommodations

MACHINERY AND PIPED SYSTEMS

- Side Power SH550 58hp 15" hydraulic bow thruster
- Side Power SPS93 At-Rest Vector Fin hydraulic stabilizers
- Northern Lights uplift water separator exhaust
- Underwater exhaust system with bypass and FRP mufflers
- Copper bonding system to all underwater fittings with zinc anodes
- Rigid fresh water pipes and color coded fuel lines per class regulations
- Stainless steel struts with bearings
- Headhunter 24v DC fresh water pump with accumulator tank
- Multiple 24v DC automatic shower sump systems with external pumps
- Accessible piping/wiring raceway throughout
- Separate fuel filters, four (4) with water alarms, two (2) on engines and two (2) for generators
- Multiple fuel tanks with electric sender units and Lexan sight gauges where possible
- Manual bilge pump with changeover valve to pump fore and aft
- Bilge pumps (24V automatic), engine room = one (1) flood pump 600L hr and one (1) 1750 L hr, amidships = one (1) flood pump 6000 L hr and one (1) 1750 L hr pump and forward in thruster compartment = one (1) 1750 L hr All per Class rules
- Bilge water alarms forward and aft plus pilothouse and crew lounge
- Electric 24V scavenger bilge pump in engine room

OuterReefYachts.com | info@outerreefyachts.com

Buyer's Initials: _____

Seller's Initials _____

- Extensive sound insulation throughout engine room
- Freshwater engine top up hose and spigot
- 24V emergency alert alarm red light
- Automatic fire extinguisher system with engine/generator and fan shut down
- Engine gear driven hydraulic pump for thrusters and anchor windlass
- Hydraulic power steering (one pump from each engine)
- Emergency steering lock system
- Oily water separator
- Fuel centrifuge

ENGINE ROOM

- Acoustically insulated stand-up engine room lined with sound absorbing material
- Edura beige coin dot flooring
- Fiberglass drip pans under engines
- Onan Quiet Diesel™ Series 55 QD Model MDDCA generators - two (2) 55kw (60hz) with shields
- MarineAir chilled water air conditioning system
- Two (2) oversized sea chests with crossover connection tube
- Ball-valve bronze seacocks on all through-hulls below waterline located in sea chests
- Oil change pump for engines and generators
- Two (2) isolation transformers
- Two (2) prop shaft brushes
- Two (2) Racor 75/1000 max dual fuel filters with gauges for main engines
- Two (2) Racor 75/1000 max single fuel filters for generators
- Seatorque shafts and seals system
- Fuel polishing system
- Fuel management system with fuel transfer pump
- Fireboy fire suppression system including both intake and outlet air shutdown system with aluminum louvers all per class regulations
- Four (4) automatic bilge pumps 24v DC and emergency bilge suction on engine
 1. In the guest passageway bilge 1- 3700 GPH
 2. In the forward crew bilge 1-3700 GPH
 3. In the forward engine room bilge 1-3700 GPH
 4. In the lazarette bilge aft 1-3700 GPH
- Fire system and bilge high-water alarm system with warning panel
- Fresh water hose bibb
- Batteries in FRP boxes:
 1. Two (2) engine banks with two (2) 8D batteries for each bank
 2. One (1) house bank with four (4) 8D batteries with a total 510 amp-hours (24VDC)
 3. Two (2) generator banks with one (1) battery each
- One (1) 24v and one (1) 12v battery charger
- Two (2) battery isolators
- Two (2) 50 gallon (189 lts) water heaters with heat exchanger
- Four (4) 24v DC blowers
- Eight (8) LED overhead Lights -110v AC/24v DC (220v AC/ 24v DC for AU-EU) with two (2) two-way switches
- Two (2) 110v AC GFI outlets (220v 50hz for AU-EU) with water proof covers

OuterReefYachts.com | info@outerreefyachts.com

Buyer's Initials: _____

Seller's Initials _____

- 316 Stainless steel safety rails around engines
- Work bench space
- Two watertight bulkheads
- Watertight aluminum engine room door with sight window

SPORTS CABANA

- Sports cabana aft of the engine room, customized for owner's individual needs, such as dive compressors, dive tank storage, live wells, work bench area, etc.

PROPULSION AND STEERING SYSTEMS

- Twin Caterpillar C-18 Acert "E" rated diesel engines of approximately 1136 bhp / 847bkw @ 2300rpm
- OPTIONAL: Twin Caterpillar C-32 Acert "D" rated diesel engines of approximately 1600 bhp / 1193bkw @ 2300rpm
- Two (2) Michigan Wheel (Nibral) medium skewed five-blade propellers
- Custom stainless steel P-brackets
- High performance 316 stainless steel balanced spade foil section rudders
- Side Power or equal 15" hydraulic bow thruster
- Seawater strainers two (2) main engines, two (2) generators
- Seacocks on all underwater fittings
- Full cathodic bonding system to zinc anodes
- Seawater piping per class approvals

AIR CONDITIONING AND VENTILATION

- Engine room blowers AS (60cm - 2ft diameter)
- Delta-T engine room air blowers, demisters and emergency fire flaps
- Air conditioning make up and extraction system to vendor recommendations
- Chilled water reverse cycle air conditioning/heating system by MarineAir/ tonnage TBD by loads

ELECTRICAL SYSTEMS

- Water separating/silencers, Verna-Lift type muffler system with wet and dry exhaust separation
- Generators have own 24V batteries
- Two (2) Glendinning cable masters 100amp, 3-phase, 60hz dockside connection, 100ft leads with remotes
- 100 KVA shore power converter
- USB and TV dockside connections
- Two (2) galvanic isolators
- Main DC and AC breaker panel, circuits protected by re-set-able circuit breakers
- Vessel wide systems monitoring by (Boning) with limited points
- Auto parallel function
- Change-over protection for generators
- Remote battery switches controlled from locker in cockpit
- 24V 80amp battery chargers
- 12V 40amp battery chargers
- Battery coupling system

- Battery bank for engine starting
- Battery bank for general service and emergency
- Battery bank for generator starting
- Two (2) 40 gallon water heaters
- Engine bay and bilge lights

FORE DECK

- Foredeck with white non-skid surface - (Optional colored)
- Class approved, water-tight anchor locker hatch, approximately 30" x 30", clear with hold open springs
- Divided chain locker with chafe guard plating within between hull sides and chain
- Ladder into chain locker with various shelving and grates for gear storage
- OPTIONAL: Varnished teak on bulwark caps increasing in width going forward
- Two (2) sets of oversized 316 stainless steel mooring bits with adjacent stainless steel hawser leads through bulwark/hull sides
- 316 stainless steel handrails either side of central stair case to Portuguese deck
- Deck lockers aft either side of stairway with watertight locking doors finished in white epoxy paint
- Salt water wash down pump with outlet at windlass pod
- Fresh water wash down pump with outlet at forward step
- Salt water and fresh water 316 stainless steel faucets inside foredeck lockers
- LED courtesy lights around windlass pod and either side of steps to deck above
- Two (2) 110v AC GFI outlets inside each bow locker
- Four (4) oversized deck drains plumbed to boot-stripe to prevent black streaks
- Fender locker hatches port and starboard into bow deck lockers with hanging racks and drain catches for wash down. Recoiling FW hose within each locker
- Two (2) Lewmar V-8 vertical hydraulic anchor windlasses
- Chain stopper, devil's claw and tensioner to suit chain, all per class
- Two (2) 100kg or sized per class high holding power, polished stainless steel Poole-type anchors
- Two (2) lengths of galvanized U2 stud link chain, sized per class, with superbox swivels
- Windlass island with integral spurling tubes and drain basin
- Custom bow flag staff
- Centerline step/seat base with hose storage within and recessed deck wash/spigot in face recess
- Freeing ports port and starboard, per class rules
- Overhead lifeline system outboard of house spanning aft for safe cleaning of master stateroom windows

SIDE DECKS

- OPTIONAL: Decks clad with teak decking
- Stainless steel handrails alongside decks
- Watertight main entry doors port and starboard amidships
- House side fixed windows with tinted tempered glass
- Two (2) sets of 316 stainless steel spring-line chocks per side
- Three (3) sets of 316 stainless steel hawser holes with stainless steel horn cleats per side recessed in bulwarks

OuterReefYachts.com | info@outerreefyachts.com

Buyer's Initials: _____

Seller's Initials _____

- Fuel fill fittings for tanks recessed into house side boxes port and starboard
- 316 stainless steel house side rails
- Multiple LED courtesy lights along walk ways
- Multiple LED overhead lights with two (2) standard switches
- Stairways port and starboard to pilot deck, teak clad and flanked by 316 stainless steel rails
- OPTIONAL: Teak cap rail with 316 stanchions within open spans
- Water fills port and starboard
- Multiple freeing ports per class requirements
- Flush fit escape hatches for aft guest cabins
- Inward swinging entry gates port and starboard
- Drain gutter outboard of teak decking with oversized drains to collection boxes in boot stripe
- Watertight access door to engine room escape/air shaft to class requirements
- Weathertight access door to starboard locker under stair

AFT DECK AREA

- OPTIONAL: Teak decking throughout aft deck with drain gutter and margin plates surrounding
- Stairway built-in to port and starboard side from swim platform to aft deck with stainless steel loop type gate doors
- Aft deck wrap around bench seating with storage beneath
- Sunbrella® furniture fabric for aft deck and Portuguese seats (* included in décor allowance)
- Fixed aft deck table - teak with stainless steel bases and filler section to form one large table
- Fresh water wash down outlet
- Two (2) Glendinning 100 amp cable masters with 100' of cable on transom
- Glendinning electronic engine controls via hand held remote
- Multiple LED courtesy lights with two (2) two-way switches
- Multiple LED overhead lights with one (1) standard switch inside the salon
- Multiple 110v AC GFI outlets
- 316 stainless steel heavy duty cleats secured to stainless steel backing plates inside bulwarks
- Deck scuppers piped out through transom at boot stripe
- Bar with solid surfacing top , miscellaneous storage, buffet across front wall, under-counter refrigerator/ice maker
- Two (2) stools with stainless steel bases and izit-leather cushion covers
- Solid surface sink and stainless steel faucet set
- Miscellaneous rail systems of stainless steel and teak caps
- Powered sliding door into salon of polished stainless steel in combination with flanking windows full height, floor to ceiling
- Stairs to sun deck above with 316 stainless steel rails
- Air trunks port and starboard with Delta-T fans within
- Air trunk storage locker starboard side
- Air trunk engine room escape port side via water tight door with 16" threshold per class
- Polished stainless steel compression posts port and starboard
- Patterned overhead slick finished

- OPTIONAL: Teak planking and nose on treads to sun deck above
- Two (2) electro-hydraulic aft capstans with a 3,500 lbs capacity
- Inward swinging gates port and starboard
- Hawsers in transom corner with roller fairleads
- Stainless steel mooring bits port and starboard
- Freeing ports per class requirements

SWIM PLATFORM AND TRANSOM

- Access stairs to aft deck port and starboard
- Twin stern cleats in stainless steel
- Safety lighting sides of steps and around transom
- Wing storage via doors in sides
- OPTIONAL: Teak planked deck and stair treads
- Box-in hide-away shower fixture
- Removable stainless steel loop style 50mm handrails
- Watertight pantograph door to lazarette
- OPTIONAL: Electro-hydraulic stern passerelle
- Shore power connections for AC and conditioning system, starboard wing
- Dockside water connection
- Watertight rudder locker and fender storage hatch
- Bathing ladder of 316 stainless steel removable from sockets to be stored in lazarette
- Twin swim platform pop-up cleats in stainless steel
- Larger tender towing bits system on platform and aft deck areas
- Two (2) Glendinning 100 amp cable masters with 100' of cable on transom
- OPTIONAL: Six (6) underwater lights, 4 across transom and one on each side of platform

PORTUGUESE BRIDGE

- Portuguese bridge with OPTIONAL teak planking throughout
- Locker doors in aft face of Portuguese bridge port and starboard
- 316 stainless steel handrail on top of Portuguese bridge
- Five (5) stainless steel Exalto dual speed self-parking windshield wipers with wash down system
- Clear tempered glass in forward facing windshields per class regulations
- Windows are fixed with recessed frames
- Multiple LED courtesy lights with two (2) switch locations
- Multiple overhead LED down lights
- Docking stations, port and starboard with full lids for weather-tight seal
- Watertight door from pilot house to side decks port and starboard
- Full walk around to bow deck with Venturi type windscreen
- Patterned overhead with slick finish
- OPTIONAL: Varnished teak cap rail
- Wrap around seating at base of pilothouse windshield with stainless steel pedestal table in front and storage under.
- Sun pads recessed into house top port and starboard
- Handrails of 316 stainless steel around sun pads and down central passage to bow

- Overhead lifeline system outboard of house spanning aft for safe cleaning of skylounge windows aft

SKYLOUNGE OUTER DECK

- Bar and buffet areas outboard port and starboard with solid surfacing tops
- Icemaker and refrigerator
- Glass and bottle storage behind flush doors with drawers within
- Engine room air boxes with demisters
- Polished stainless steel compression posts
- OPTIONAL: Teak planked, patterned deck coverings
- Patterned slick finished overhead panels
- Stainless steel bar sink and faucet set
- Open deck lounge zone across back with stainless steel rails surrounding
- Twenty (20) life jackets in overhead drop down panel box
- Flush stainless steel screw eyes installed in deck to hold down furniture during heavy passage making
- Stairwells up and down with teak treads on all plus stainless steel rails per designer details
- Slide and stack electric polished stainless steel doors into skylounge with full height glass and minimal framing
- Custom flag staff aft and stern light
- Stern docking lights mounted to underside of deck aft
- Space for one approximately 17' tender (owner supplied)
- 3000lb capacity aluminum painted Steelhead davit with 4-way hydraulic control with rotating base, luff, lift, pendant switch and a 12' retract/extension arm
- OPTIONAL: Removable support cradles for tender
- OPTIONAL: Flush stainless steel screw eyes installed in deck to hold down tenders during heavy passage making

FLYBRIDGE AND BOAT DECK

- 316 stainless steel safety rails
- Venturi windscreen with 316 stainless steel rails
- Carlisle and Finch 120v searchlight with dual station controls
- Two (2) side settees with Sunbrella® furniture fabric for cushions (* included in décor allowance) and one crescent shaped central settee with circular dining table
- Five (5) Aquasignal navigation lights in accordance with appropriate collision regulations
- Kahlenberg triple trumpet air horn with compressor - to meet class regulation
- Multiple LED courtesy lights and two (2) two-way switches
- Multiple LED overhead lights with one (1) standard switch
- Four (4) 110v AC GFI outlets
- Deck with white non-skid surface - or optional colored
- 316 stainless steel hand rails
- Cabinets behind settee for bar storage with solid surfaced sink and stainless steel faucet set
- Solid surfaced, island bar on centerline with refrigerator, icemaker and storages under and three (3) stools behind with polished stainless steel bases
- Stainless steel BBQ grill outboard to port side, Kenyon "Texan"

- Half-moon dinette with built in storage within and Sunbrella cushions and canvas cover
- Dinette table of solid surfacing with stainless steel legs
- OPTIONAL: Hot tub with overflow drain edge detail
- Two (2) teak tables, fixed with stainless steel bases
- Enclosed storage boxes port and starboard for cushions
- Custom arch and mast assembly with hard top having retractable fabric type opening and stainless steel stanchions
- IMCO navigation lights
- Mast with nav/coms equipment mounts
- Deck flood lights in aft edge of hardtop
- Full helm steering position and console plus triple person riding seat with storage under

NAV/AV ALLOWANCE

- Nav/AV allowance of \$250,000. This is a “Use or Lose” allowance for shipyard-supplied and installed equipment. This allowance is not transferable to any other yard, electronics manufacturer or dealer

INTERIOR ALLOWANCE

- Interior décor allowance \$150,000.00. This is a “Use or Lose” allowance for the purchase of interior and exterior soft goods (cushion fabrics, bed covers, shams, pillows, etc.). This allowance is not transferable to any designer other than Outer Reef Trident Inc’s designated in house designer

CREW STATEROOMS 1 AND 2 FORWARD

- Two (2) class approved fixed portlights in polished stainless steel with deadlight covers
- 7” layered foam mattresses
- One (1) hanging locker with split interior compartment, cedar lined and mirror inside doors
- Automatic interior light in locker
- Satin varnish on interior woodwork
- Drawers with full extension guides and push button latches
- Wood veneer entry door with solid stock frames and jambs
- Chrome door handles on all interior lockers
- Door stops and holders
- Three (3) 110v AC outlets
- One (1) USB outlet
- One (1) TV outlet
- Six (6) LED overhead lights with two (2) two-way switches and two(2) standard switches
- Two bunk lights
- MarineAir air conditioning control panel
- Carpeted floor with acoustical, paid from decor allowance
- Stacked single bunks in two (2) cabins
- Drawers under lower berths
- Shelves or cubbies outboard of berths where possible

OuterReefYachts.com | info@outerreefyachts.com

Buyer's Initials: _____

Seller's Initials _____

- Dresser with multiple drawers inboard
- Cabinetry and walls throughout crew to be vinyl wrapped wall panels above chair rail with veneer and solid stock trim below to base board
- Vinyl covered padded panels in 6” strips outboard of berths
- Overhead vinyl covered panels or Whisper Wall system
- Two (2) life vests in each cabin
- One (1) fire extinguisher per cabin
- Class approved escape hatch to bow lockers with fixed stainless steel ladder on forward crew hallway bulkhead

CREW HEAD(S) 1 AND 2

- Molded white-gelcoated FRP shower
- Custom tempered glass shower door and enclosure
- One (1) Class approved polished stainless steel fixed portlight with deadlight cover
- Grohe Relaxa Plus chrome pulsator hand shower with hose and soap dish
- Chrome Grohe center-set single lever faucet at sink
- Corian or equal single bowl sink, top and backsplashes
- Medicine cabinet outboard of sink with sliding mirrored doors
- Linen cabinet forward
- Cabinetry and walls throughout crew to be vinyl wrapped wall panels above chair rail with veneer and solid stock trim below to base board
- Wood veneer entry door with solid stock frames and jambs
- Chrome door handles on all interior lockers
- Overhead vinyl covered panels
- Headhunter standard 24v electric white short bowl toilet with sanitary hose for all discharge plumbing
- One (1) 110v AC GFI outlet
- Four (4) LED overhead lights includes vapor proof within shower
- Amtico (or equivalent) simulated wood, vinyl flooring
- Towel bar, toilet paper holder, toothbrush/cup holder, soap dish
- Air conditioning supply outlet
- 24v DC ventilator blower
- Trash receptacle

STORAGE HOLD / EQUIPMENT ROOM

- Forward dry goods storage hold with wrap around “V” shaped shelving on multiple levels and designed with keepers for storage boxes and goods
- Bow thruster access via open web frame
- Coin dot flooring
- Four (4) LED overhead lights
- Entire area painted out Cloud White Awlgrip
- Stairs to upper crew cabins hinge up on gas assisted cylinders providing access
- Central bilge pump under sole
- 50 gallon water heater
- Fresh water circulating pumps
- Variour systems pumps

CAPTAIN'S STATEROOM

- One (1) class approved fixed portlight in polished stainless steel with deadlight covers
- One (1) hanging locker, cedar lined
- Writing desk with drawers under and overhead bookshelf type storage above extending outboard above berth
- Automatic interior light in locker
- Satin varnish on any interior woodwork
- Cabinetry and walls throughout to be vinyl wrapped wall panels above chair rail with veneer and solid stock trim below to base board
- Drawers with full extension guides and push button latches
- Wood veneer entry door with solid stock frames and jambs and mirror on inside
- Chrome door handles on all interior lockers
- Door stops and holders
- Three (3) 110v AC outlets
- One (1) USB outlet
- One (1) TV outlet
- Four (4) LED overhead lights with two (2) two-way switches
- Two (2) bunk reading lights and one over desk light
- MarineAir air conditioning control panel
- Carpeted floor with acoustical, paid from decor allowance
- Oversized single bunk with 7" layered foam mattress
- Four (4) drawers under elevated berth
- Shelves or cubbies outboard of berth where possible
- Vinyl covered padded panels in 6" strips outboard of berths
- Overhead vinyl covered panels
- Two (2) life vests in cabin
- One (1) fire extinguisher in cabin

CAPTAIN'S HEAD

- Molded white gel-coated FRP shower
- Custom tempered glass shower door and enclosure
- Grohe Relaxa Plus chrome pulsator hand shower with hose and soap dish
- Chrome Grohe center-set single lever faucet at sink
- Corian or equal single bowl sink, top and backsplash
- Medicine cabinet outboard of sink with mirrored doors
- Linen cabinet forward and outboard of toilet
- Cabinetry and walls throughout to be vinyl wrapped wall panels above chair rail with veneer and solid stock trim below to base board
- Wood veneer entry door with solid stock frames and jambs
- Chrome door handles
- Overhead vinyl covered panels
- Headhunter 24v electric white short bowl toilet with sanitary hose for all discharge plumbing
- One (1) 110v AC GFI outlet
- Four (4) LED overhead lights including vapor proof shower light
- Amtico (or equivalent) simulated wood, Vinyl flooring
- Towel bar, toilet paper holder, toothbrush/cup holder, soap dish

OuterReefYachts.com | info@outerreefyachts.com

Buyer's Initials: _____

Seller's Initials _____

- Air conditioning supply outlet
- 24v DC ventilator blower
- Trash receptacle

CREW LAUNDRY/PANTRY

- Outboard folding counter with storage outboard and built in upper shelving unit plus drawers and shelves under
- Corian countertop and back splashes
- Undercounter Miele washer and dryer
- Over appliance upper shelving for laundry supplies and linens
- Cabinetry and walls throughout to be vinyl wrapped wall panels above chair rail with veneer and solid stock trim below to base board
- Amtico (or equivalent) simulated wood, vinyl flooring
- Chrome handles and hardware throughout
- Two (2) 110V AC GFI outlets
- Four (4) LED overhead task lights

CREW GALLEY, LOUNGE AND PASSAGEWAY

- L-shaped settee, vinyl padded upholstery on base with drawers and drop-in storage under
- Corian tabletop on polished aluminum pedestals
- Cabinets outboard for shelves and storage as possible under portlights
- Corian ledge surrounding banquet seating
- Amtico (or equivalent) simulated wood, Vinyl flooring
- Cabinetry and walls throughout to be vinyl wrapped wall panels above chair rail with veneer and solid stock trim below to base board
- Overhead vinyl covered panels
- Corian countertop for galley cabinetry with 100mm backsplash
- Cabinetry and walls throughout to be vinyl wrapped wall panels above chair rail with veneer and solid stock trim below to base board
- Drawers with full extension guides and push button latches
- Full size refrigerator and freezer in passageway
- Stainless steel under-mounted sink
- Chrome Grohe Europlus II faucet with pull out spray
- Two-burner electric cooktop
- Microwave oven above cooktop with vent hood integral
- 30" TV/DVD, radio and overhead speakers
- AMS LCD screen
- CCTV LCD screen
- USB
- Six (6) LED overheads lights and two (2) bunk type lights on adjacent walls of settee
- Multiple lower level LED courtesy lights throughout lounge, passageway and stairwell
- Two (2) 110v AC GFI galley outlets
- Two (2) 110v AC lounge outlets
- One (1) USB outlet
- One (1) TV outlet

- Two (2) class approved polished stainless steel fixed portlights with deadlight covers
- Paper towel holder
- Trash receptacle
- 30" x 40" hatch to central bilge hold below with gas cylinder assists
- Gas assisted forward stairwell hatch to bow dry storage

GUEST STATEROOM 1

- Single beds, with inner spring mattresses with drawers under and "Pullman Berth" built into inboard wall
- Bookshelf nook built-in outboard of berths
- One (1) bedside table with three (3) drawers
- Aromatic cedar lined hanging locker outboard with drawers below and mirrors inside of doors
- Fabric covered padded headboards
- TV flush fit in aft wall, approximately 30"
- Soffit over outboard window ledge for HVAC
- Carpet flooring with acoustic, paid from decor allowance
- Vinyl wrapped wall panels above chair rail with veneer and solid stock trimmed walls below to base board
- Wood veneer doors with solid stock frames and jambs
- Chrome door handles on all interior lockers, doors and drawers
- Satin varnish on interior woodwork
- Drawers with full extension guides and push button latches
- Overhead vinyl covered panels
- Roman shades with room darkening inner linings and any blinds from decor allowance
- I-pod dock and twin overhead speakers
- Two (2) 110v AC outlets
- One (1) USB outlet
- Six (6) LED overhead lights with two (2) two-way dimmer switches and one (1) standard dimmer switch
- Three (3) Cantalupi chrome reading/bunk lights
- LED rope lighting under the bed and at valance with one (1) standard switch
- Automatic interior light in hanging locker
- MarineAir air conditioning control panel
- Two (2) class approved fixed portlights of polished stainless steel with deadlight covers
- Three (3) life vests
- One (1) fire extinguisher

GUEST STATEROOM 2

- Queen berth, with inner spring mattress with multiple drawers under
- Two (2) bedside table with three (3) drawers
- Aromatic cedar lined hanging locker outboard with drawers below and mirrors inside of doors
- Fabric covered padded headboard
- TV flush fit in aft wall, approximately 30"
- Soffit over bed and outboard as needed for ducting of HVAC and down lighting
